

Super Sweep Inc.

**YOUR SOURCE FOR THE BEST
BROOM HANDLE EVER MADE!**

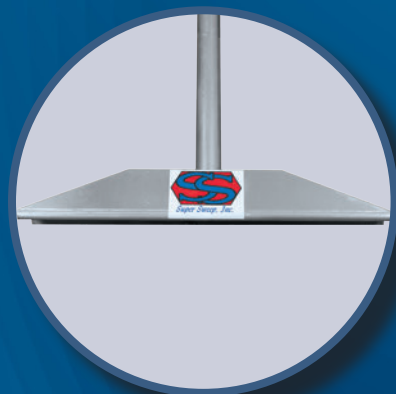

Manufacturing Quality Products for Commercial and Residential Use

PRODUCT CATALOG

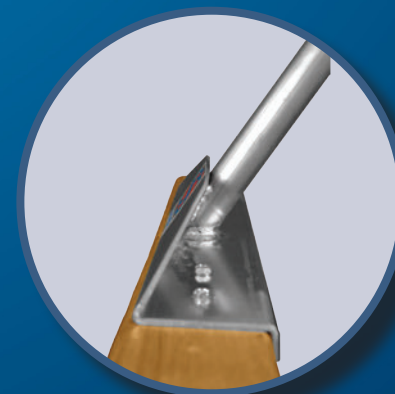

The Super Sweeper offers superb construction & unsurpassed durability.

"The Super Sweeper" is made in the USA from 50% recycled aluminum. (Combined total of post consumer and post industrial recycled aluminum.)

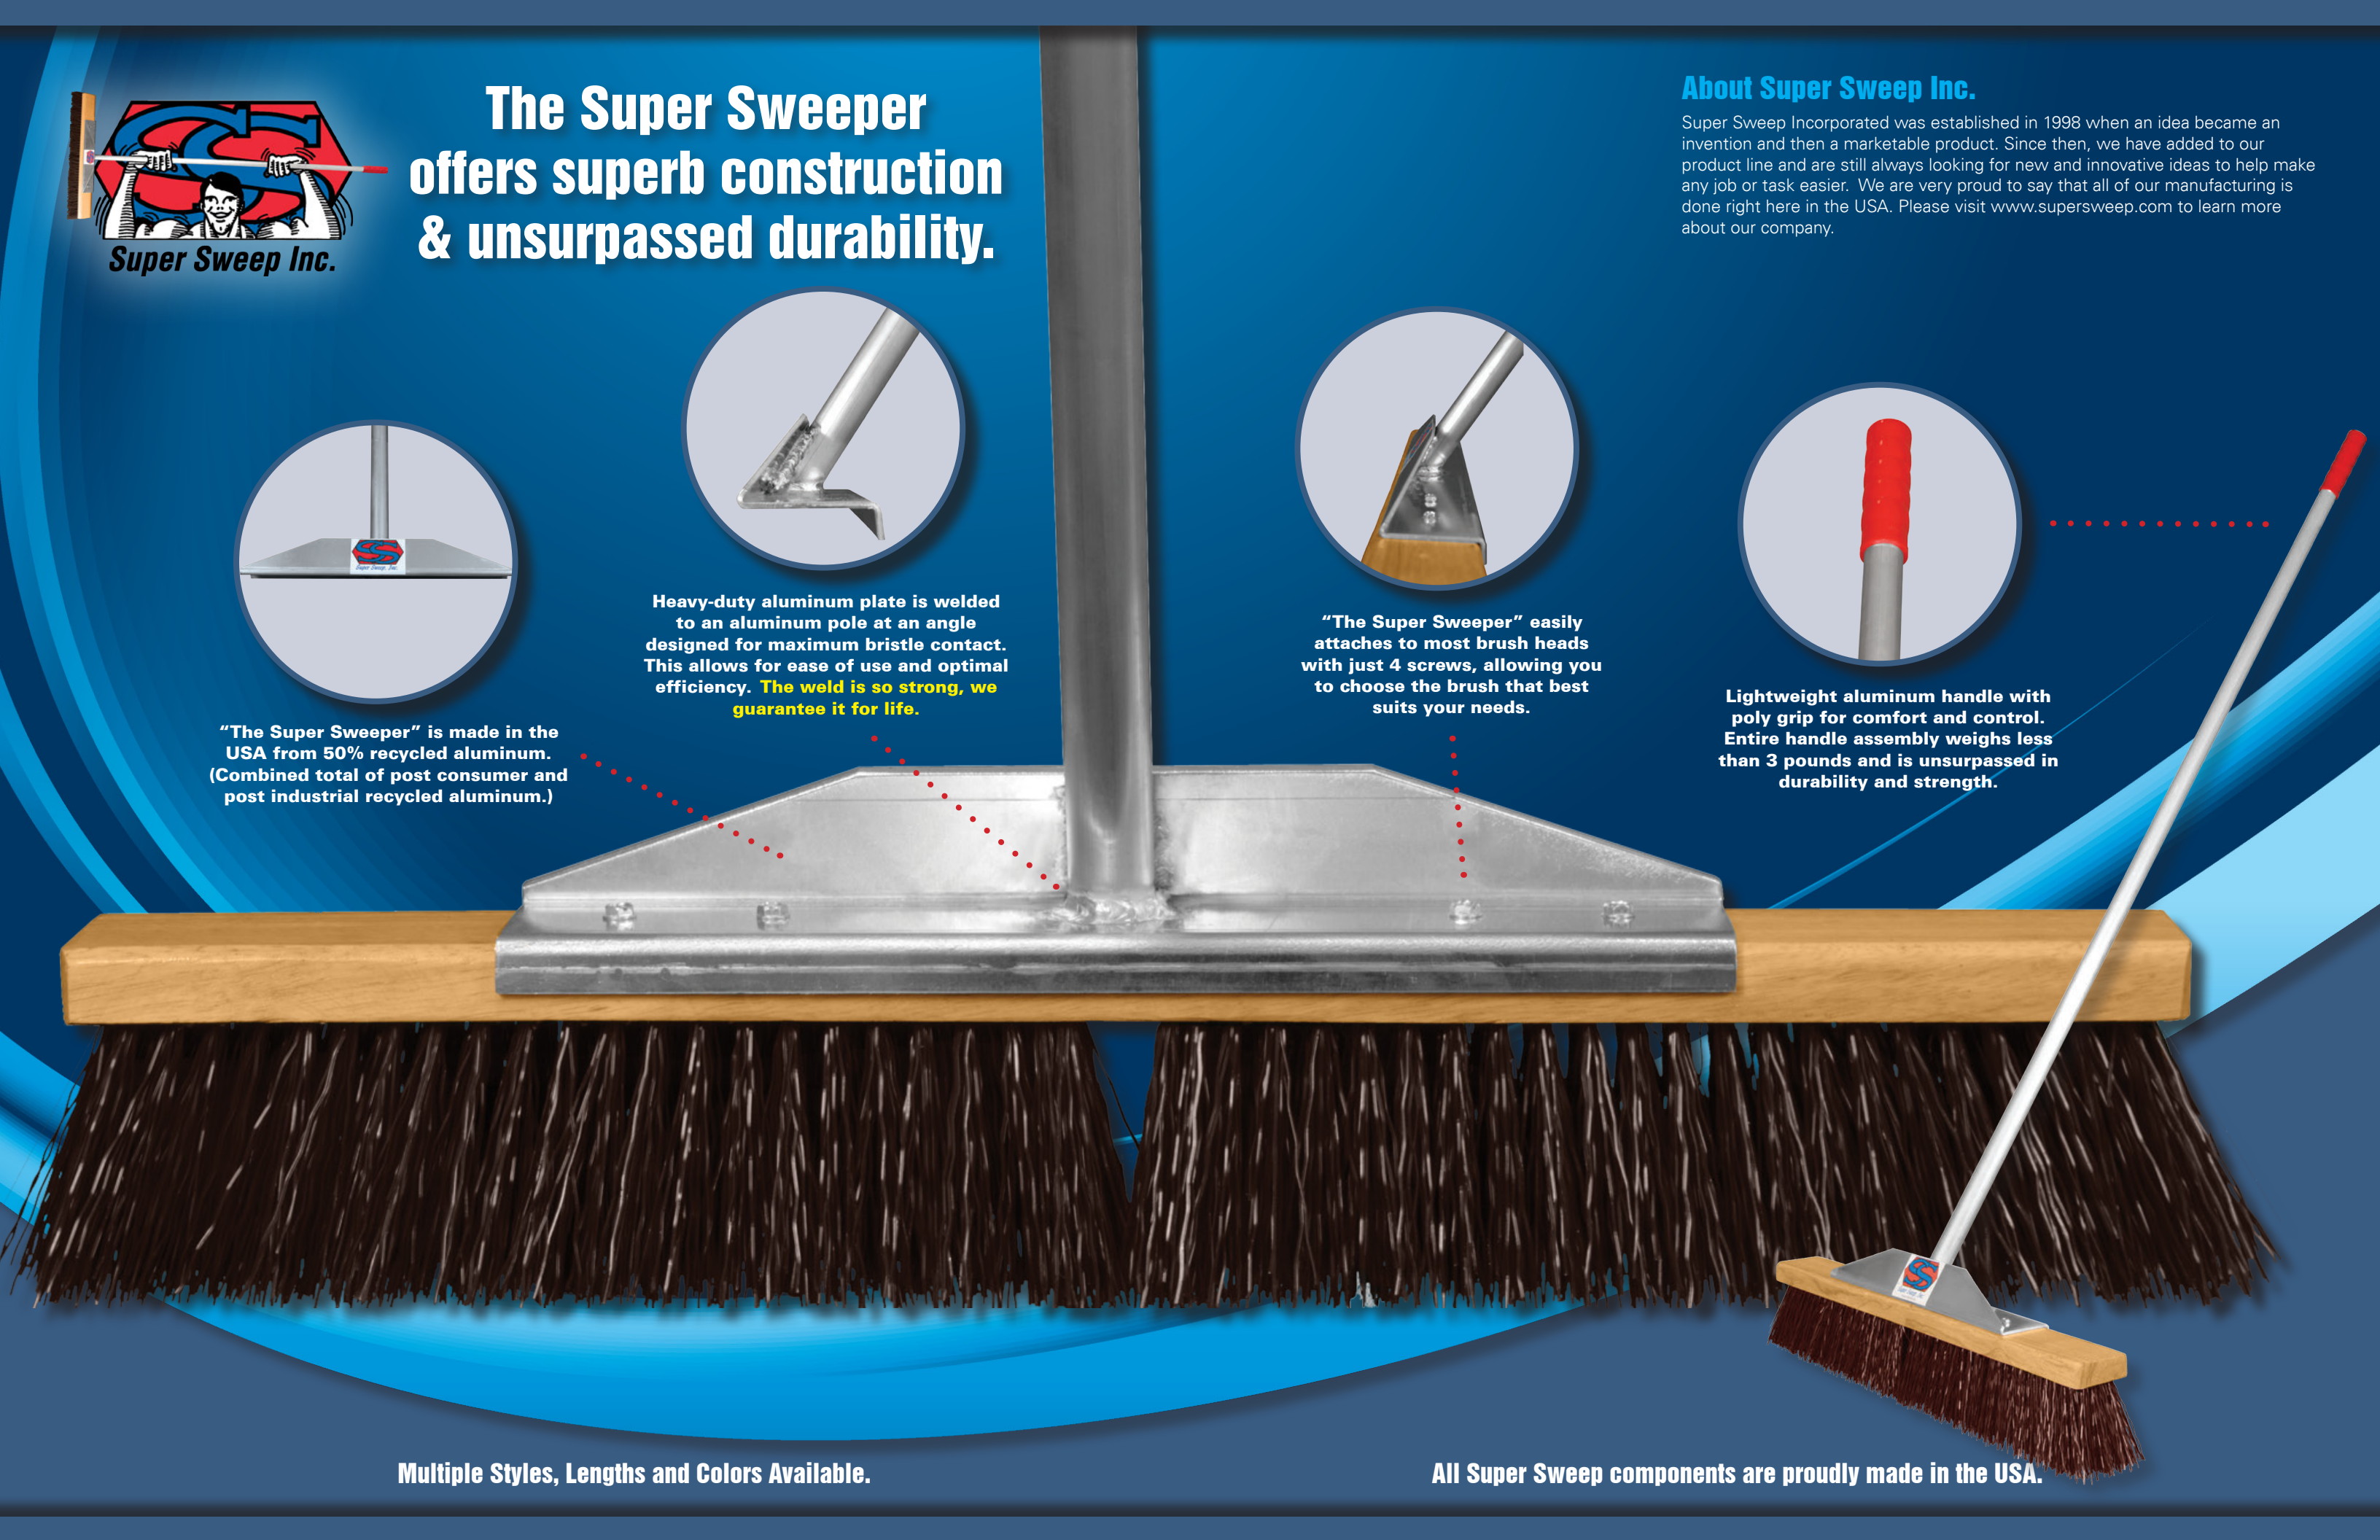

Heavy-duty aluminum plate is welded to an aluminum pole at an angle designed for maximum bristle contact. This allows for ease of use and optimal efficiency. **The weld is so strong, we guarantee it for life.**

"The Super Sweeper" easily attaches to most brush heads with just 4 screws, allowing you to choose the brush that best suits your needs.

Lightweight aluminum handle with poly grip for comfort and control. Entire handle assembly weighs less than 3 pounds and is unsurpassed in durability and strength.

Multiple Styles, Lengths and Colors Available.

All Super Sweep components are proudly made in the USA.

About Super Sweep Inc.

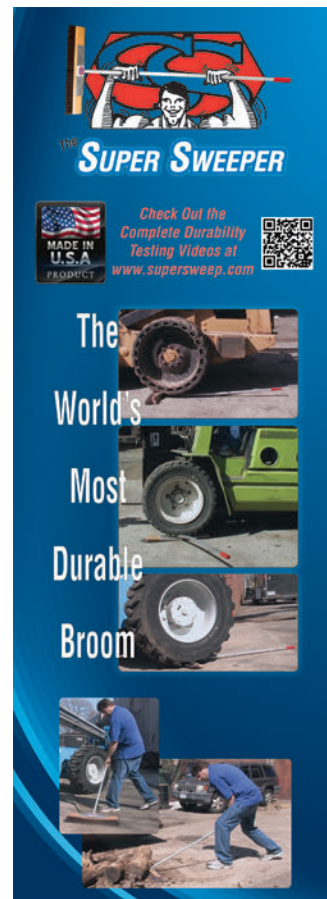

Super Sweep Incorporated was established in 1998 when an idea became an invention and then a marketable product. Since then, we have added to our product line and are still always looking for new and innovative ideas to help make any job or task easier. We are very proud to say that all of our manufacturing is done right here in the USA. Please visit www.supersweep.com to learn more about our company.

The Super Sweeper Broom Stand

- 4-sided steel display rack.
- Holds up to 20 brooms.
- Complete with top sign and 2 side signs. Side sign contains QR code readable by any smart phone and directs customer to durability testing videos.
- Made in the USA!
